PRICE TEN CENTS

ANDY PALMER, 70, is advertising this 19-ton U.S. Army tank parked in front of his tavern in Detroit for sale for \$585. Palmer, a gun collector, is selling his tavern and also the tank. He says he's had several offers but hopes it will go to the fellow who wants to use the tank as a landmark so his friends can find his hard-to-find cottage and not to prospective buyers with in-law troubles. Red China Is Talking Trouble To Its People

TOKYO (AP) — Communist China hinted for the third time in a week today at major events ahead possibly giving an advantage to the United States.

The mysterious suggestion of temporary Chinese reversals and American successes in the future appeared in the official Peking People's Daily. It was coupled with an admission that setbacks had been encountered before and would happen again. There was also a warning of Chinese countermeasures.

"They (the Americans) may get the upper hand of the people in some places for some time as a result of their counterattacks," the paper said. "The movement of the people there seems to be on the ebb, but in reality, a new upsurge is brewing underneath."

The article, like two which preceded it, failed to explain the new pessimism in Peking which has replaced the unwavering public optimism of the recent past.

Chinese rebuffs in Cuba, Indonesia and Ghana may be the immediate explanation. It is possible that these setbacks have touched off sharp criticism within the ruling Communist party of Chairman Mao Tse-tung's hard revolutionary line.

The articles could also be a suggestion to the international Communist movement that Peking is prepared to accept the decisions of the coming Soviet party congress though they may run counter to present Chinese policy. Despite their antagonism to Moscow, the Chinese have said they will attend the multi-party meeting later this month.

The earlier articles told the Chinese people not to panic if setbacks were encountered in the "twists and turns" of the revolutionary road. The first, a week ago, spoke of the likelihood of "great upheavals" and said they were a good thing.

The emphasis of today's article was on the fact that U.S. imperialism will be "gradually destroyed."

Michigan Votes Same Districts Next Fall

Critical Senators Change

War Policy Wins Backing

WASHINGTON (AP) — The Senate's senior Republican said today President Johnson's efforts to avoid escalation of the Viet Nam war have led critical senators to give him "more support than we did some time ago."

Sen. George D. Aiken, R-Vt., said in an interview he wanted to give Johnson credit for his repeated attempts to avoid any reckless expansion of the war.

Aiken was among those who joined with Senate Democratic Leader Mike Mansfield last January in warning of the dangers of a massive Southeast Asian war.

"I think we are giving the President more support than we did some time ago," he said. "He seems to be keeping our military efforts within bounds."

"Uneasy Support"

A similar but more guarded view was voiced by another critic of Johnson's Viet Nam policies, Sen. Albert Gore, D-Tenn. In a separate interview, Gore said he is giving "uneasy" support to the President's present course.

"I hope and believe that the President's course is now one of prudence and caution," Gore said. "It keeps one nervous, however, to realize that every act of escalation has been taken only after bland assurances have been given that we seek no wider war."

Johnson got some support Tuesday — plus a word of caution — from an expert on China. A. Doak Barnett, acting director of Columbia University's East Asian Institute.

Barnett told the Senate Foreign Relations Committee that the United States should continue to fight Communist subversion and insurrection and stand on its pledge to defend Formosa, capital of the Nationalist Chinese government.

In Viet Nam, Barnett advocated "continued military and political action."

On the other hand, Barnett said, "we not only should not escalate" in Viet Nam, "but should de-escalate."

"It would be a dangerous error to conclude that Communist China would not risk major war if it genuinely felt that its vital interests were threatened," he told the committee which opened its hearings on Red China Tuesday.

Today's Chuckle

The easiest way to stay awake during an after-dinner speech is to deliver it.

RUBBLE COVERS the base and surrounding area of the statue of Admiral Horatio Nelson in the heart of Dublin, Ireland Tuesday after a nighttime explosion that brought down about 60 feet of the 103-foot column and the 20-foot statue atop it. Police blamed the blast on the outlawed Irish Republican Army. (AP Wirephoto)

New Terrorist Attacks Feared

DUBLIN (AP)—Strong police guards were posted at the British Embassy and other potential targets today to forestall new attacks by the anti-British demonstrators who blew up the Nelson Monument in the heart of Dublin.

Police guarded the homes of embassy staff members and the Phoenix Park monument commemorating the Duke of Wellington, Britain's victor over the French at the Battle of Waterloo.

Detectives said at least eight men have been brought in for questioning about the explosion early Tuesday which brought

down the 20-foot statue of the hero of Trafalgar and more than half of the 114-foot column which supported it.

Police believe the explosion was the work of an extremist fringe group of the outlawed Irish Republican Army, which is sworn to end Ireland's partition.

Authorities on both sides of the border — the Republic of Ireland and the six counties of Northern Ireland, which still are part of the United Kingdom — have been expecting a wave of IRA activity in connection with the 50th anniversary next month of the 1916 Easter uprising against British rule.

Municipal workers carried away Nelson's severed head to a remote yard of the Board of Public Works. His sword was missing, presumably filched by early arrivals at the scene.

The City Council said it would pull down the ragged stump and massive base that remained.

Dublin City Councils have been voting for years to get rid of the monument but never followed through. It has been denounced as a traffic hazard, an eyesore and, because of its British origin, an insult to Irish patriots.

Minister of Justice Brian Lenihan denounced the statue's destruction as reckless and said it was providential that no one was killed.

Tembler Hits Northern Asia

TOKYO (AP) — A strong earthquake shook a wide area of North China, Siberia and Mongolia Tuesday, the Japanese Meteorological Agency reported. Japanese correspondents in Peking said the quake cracked walls and toppled furniture in the Red Chinese capital.

The agency here reported the quake was of magnitude 7.3 on the Richter scale, strong enough to cause extensive damage. The earthquake that devastated parts of Alaska on Good Friday 1964 registered 8.6.

The epicenter was in the Manchurian-Siberian-Mongolian border area northeast of Lake Hulun, a sparsely populated region. The lake is in northwest Manchuria, about 800 miles north of Peking.

Supreme Court Deadlock Lets Vote Areas Sit

LANSING (AP) — Michigan legislators next fall will be running from the same districts that contributed to a 1964 Democratic Landslide — thanks to a Michigan Supreme Court deadlock Tuesday.

The High Court reached a 4-4 stalemate—leaving the Democratic drafted one man-one vote plan in effect for the 1966 elections, and possibly past the 1970 federal census.

The court could not even muster enough votes on any one side to correct a 10,000-person mechanical error north of Lansing. The error remains in effect along with the plan.

The question could be appealed to U. S. district or supreme courts, but challengers of the state's Democratic drafted districting plan say they have not decided yet what they might do.

Decision By Default

Justice Eugene Black, a maverick in the apportionment question, called the court's inaction "at least a 'decision' by impasse."

Black, a one-time Republican attorney general who switched parties before running for the high court, chided the court last month for stalling on the involved question.

Seven separate opinions, totaling 75 pages, were handed down Tuesday. They represented the last step in a suit filed Aug. 22, 1964, challenging current districting. Thirty-four persons maintained the plan was a partisan gerrymander.

Other Democratic-nominated justices—Chief Justice Thomas Cavanagh, Paul Adams, Theodore Souris and Otis Smith—in one way or another approved the present so-called Austin-Kleiner plan which contributed to a Democratic sweep of both houses of the Legislature in 1964.

Republican-nominated justices John Dethmers, Harry Kelly and Michael O'Hara called for adopting new plans or remanding the question back to the commission.

The court ordered the commission back to the drawing boards last Nov. 2, but it deadlocked repeatedly on a 4-4 party-line basis. Its New Year's Eve deadline passed without a decision and the question was dropped back in the lap of the court.

Rejects Objections

Souris, writing what amounted to the controlling Democratic opinion, ruled "the petitioners' allegations of partisan gerrymandering... are untenable under either federal or state law."

The present plan, he added, "complies with the requirements of the federal equality clause, as those requirements have been construed by the U. S. Supreme Court."

"If we assume the 1963 State Constitution's standards of compactness, contiguity and regularity of shape and conformity to county, city, and township boundaries survived... the plan conformed with those standards as well."

Republicans have argued present districting violates those state standards. They maintain further these standards survived while other constitutional requirements such as the 80 per cent population and 20 per cent area formula of the State Constitution fell under the landmark population-only U. S. Supreme Court ruling in June, 1961.

How They Voted

WASHINGTON (AP)—Democratic Sens. Patrick V. McNamara and Philip A. Hart of Michigan agreed once and disagreed another time on Administration tax bill amendments Tuesday.

McNamara and Hart voted in the minority in a 45-40 approval of an amendment to bring under Social Security all persons over 70 who are not now covered.

McNamara voted with the majority and Hart with the minority in a 74-10 defeat of an amendment to eliminate two excise tax increases and substitute suspension of a business modernization tax incentive.

Yanks And Allies Battle Cong

Outpost Assaulted

SAIGON, South Viet Nam (AP) — At least two Communist companies assaulted an isolated camp of U.S. Special Forces men and mountain tribesmen early today near the Laotian border. The attack failed.

The 300 Montagnard troops and their 12 "green beret" American advisers beat off the attackers in a day-long battle around the triangular mud and log fortress, radio reports from the camp said.

During the barrage the Communists shot down an armed U.S. Army C47 transport sent to help the besieged garrison in the Ashua Valley, 60 miles southwest of Da Nang. Four men were killed in the crash.

Rescue helicopters brought out three wounded crewmen of the C47.

But heavy Communist fire prevented the helicopters from bringing out the dead.

About 200 Communists launched the attack at 2 a.m. At dawn, U.S. forces lost contact with the camp, raising fears it may have been overwhelmed as the Reds descended on it in the heavily wooded hills along the border.

At nightfall, a flare plane flying overhead to provide illumination picked up a weak but clear signal from the defenders saying "Everything is under control." The Viet Cong broke off contact just before sunset, reports from the battleground said. The reports indicated some of the Americans among the killed or wounded, but there was no firm word on the toll.

U.S. Special Forces men have played a leading role in training the primitive, anti-Communist

mountain men for duty at lonely outposts.

The Ashua outpost overlooks a number of trails the Communists use to infiltrate men and supplies into South Viet Nam through Laos. Its air strip is under continual Viet Cong sniper fire. Last year a plane carrying Gen. William C. Westmoreland, commander of U.S. forces in Viet Nam, was hit while he was paying a visit to the camp. He escaped injury.

Two companies of veteran Communist fighters hit the Ashua outpost about 2 a.m. in a valley bisecting the border where the Reds have roamed at will for years.

Plane Downed

The two-engine plane went down about 1:10 p.m. in the area about 60 miles northwest of Da Nang, in the northern sector of the country. An Air Force spokesman said three or four men were killed.

Two helicopters evacuated

three wounded men but were unable to bring out the dead because of heavy ground fire.

In Saigon, casualty figures for last week announced by the U.S. and South Vietnamese commands showed a sharp decline in Allied combat dead and a marked rise in Communist losses.

Of the 274 Allied troops reported killed in battle, 61 were Americans. In the previous week, 506 Allied men were reported killed, including 169 Americans.

Not Full Report

However, the report did not include U.S. Marine casualties in the hard fighting last weekend northwest of Quang Ngai, near the central coast.

Viet Cong dead climbed to 1,622, the highest toll of the year, and 193 Reds were captured, Allied spokesmen said. In the previous week, 1,122 Communists were reported killed and 92 captured.

Weather

By The Associated Press

ESCANABA AND VICINITY—Mostly fair and warmer today and tonight. Becoming cloudy with little temperature change Thursday. High today, 40 and low tonight 32. High Thursday 46. Southwesterly winds 8 to 18 mph today and tonight. Friday outlook, cloudy mild, rain probable. High yesterday, 32 and low overnight, 26.

Upper Peninsula — Mostly cloudy and warmer tonight. Cloudy Thursday with a chance of snow flurries and a little colder near Lake Superior. Lows tonight 25 to 33. Highs Thursday in the 30s to the lower 40s in the south half.

The sun sets today at 6:33 p. m., and rises Thursday at 6:54 a. m.

France Rejects NATO Reform

PARIS (AP) — France said today that reform of the North Atlantic Treaty Organization is impossible and that President Charles de Gaulle's government is going ahead with plans to get out.

But the government expressed a willingness to talk over other mutual defense arrangements with the NATO allies.

A spokesman said after the weekly Cabinet meeting that France intends to take whatever measures she deems necessary concerning foreign military bases on French soil. He added that France is willing to discuss the consequences of such a move.

Bar On Confession Liberates GI

Court Frees Convicted Red Spy

LEAVENWORTH, Kan. (AP) — George John Gessner drew his first free breath after five years in government custody and said: "Justice delayed is justice denied."

The 29-year-old former soldier showed no elation at his sudden and unexpected release from the U.S. penitentiary where he has been since his conviction June 4, 1961, of giving nuclear weapons secrets to the Soviet Union. He was the first convicted under the Atomic Energy Act.

U. S. Atty. Newell George stood before the same three judges Tuesday and declared, "Without the confession we do not have sufficient evidence to go to trial." He filed a motion to dismiss charges against Gessner and a few hours later Gessner was free.

Asked why he had signed the confession, Gessner replied: "Because of continued interrogation month after month and promise of total immunity."

Gessner, a private first class, was a nuclear weapons specialist at Ft. Bliss, Tex., when he deserted Dec. 6, 1960, and went to Mexico City. The confession, introduced at his trial, said he met with officers of the Soviet Embassy on several occasions and gave them all he knew about mechanisms of atomic cannon. He was arrested in Panama City, Panama, March 23, 1961, and has been in custody since then — one year of it for desertion.

STATE DEMOCRATIC Chairman Zolton A. Ferency, left, shakes hands with G. Mennen Williams after the former six-term governor announced he will seek the Democratic nomination for the U.S. Senate. Smiling approval are Eugene Konstant, chairman of the Michigan Young Democrats, and Circuit Judge John B. Swainson, who is partially hidden. (AP Wirephoto)

Up To President

WASHINGTON (AP)—A bill adding two new judges to the U. S. 6th Circuit Court of Appeals now is on President Johnson's desk. Senate approval Tuesday completed Congressional action. Michigan is one of four states in the 6th District. The bill creates 45 new federal judgeships in the nation.

Approve College

GRAYLING (AP)—Voters of four counties approved a community college district and a supporting one-mill tax levy Tuesday. The college is to serve Ford and Oscoda counties.

Medicare Not Total Answer, Rotarians Told

There are many points of approach to Medicare, the medical and hospital federal benefit program for persons 65 years of age and over.

But when a doctor takes looks at the program he is likely to find facts not usually apparent to persons less intimately involved in the operation of that phase of Public Law 898.

Dr. George Maniaci of Gladstone clarified some of the questions relating to Medicare in a talk to the Rotary Club of Escanaba Tuesday noon at the House of Ludington. He was introduced by Dr. N. J. Theisen, chairman of the Rotary Club's program committee.

The American Medical Association has been described as in opposition to Medicare and certain other programs, but the A. M. A. has a solid record of support of important public health measures, Dr. Maniaci pointed out.

Application Deadline
The doctors through their Association pushed for the Food and Drug Act of 1906, backed the establishment of the Public Health Department in 1900, supported the Antidote Act that required printing antidotes on labels in the 1920's, and supported the Kerr-Mills Bill that is still in operation and will continue to aid the elderly.

Dr. Maniaci quoted the plaintive reply of one physician—asked many questions about the operation of Medicare—that queries should be directed to Congressmen, since they knew enough about Medicare to approve it. The role of the doctor is to treat the patient's illness, not answer economic-political inquiries.

"But we are doing the best we can to explain this highly complex program to our patients," Dr. Maniaci added.

The application deadline for individuals 65 years of age or who will be 65 by 1968 is the

end of this month, he continued. The Medicare program is financed by a 1.3 per cent increase in the Social Security Tax.

The hospital benefits under Medicare are to start July 1, the extended care at a later date.

Pays Only Part
Dr. Maniaci gave as an example of the benefits the hypothetical case of a woman who accidentally fractures her hip. Under Medicare provisions she will go to the hospital where she may stay for 90 days and she may then go to an extended care facility for an additional 100 days.

"At the end of the 190 days she will end up with a bill of \$740 and may then have to enter a nursing home where she must pay 100 per cent of the cost," Dr. Maniaci said. "And this does not pay for the doctor unless she was also under the supplemental plan."

Supplemental coverage under Medicare does not relieve the elderly patient of all costs by any means, he continued. For example, an appendectomy may cost \$150. The patient will be required to pay \$50 plus \$20 or a total of \$70 while the government pays \$80.

May Be Over-Used
It is anticipated there will be over-utilization of hospitals at first with the inauguration of Medicare, Dr. Maniaci continued.

Under the program, doctors in hospitals across the country must serve on utilization committees, reviewing cases, and "see to it that the hospital facilities are not being misused."

"I'm sure there are a lot of older people with limited education who think that under Medicare they are going to be covered for all their costs. The bubble of illusion will burst when they get their bills. Then over-utilization of hospitals will decline," Dr. Maniaci added.

Initially the program will be involved in "a tremendous amount of confusion," but this will pass, he predicted.

Insurance companies are making plans for policies that will provide coverage for hospital and medical care beyond Medicare's limitations, he pointed out.

Training

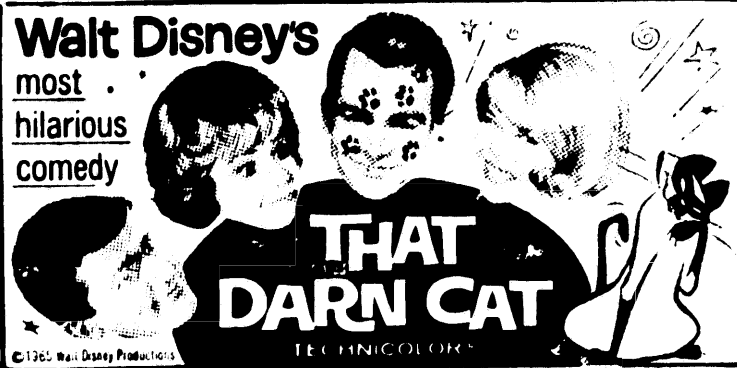

HOUGHTON—Michigan Tech has received a total of \$47,506 in graduate traineeship grants from the National Science Foundation for the 1966-67 academic year.

BALDWIN TOWNSHIP Board of Review

The Baldwin Township Board of Review will be in session on March 8, 9, 14 & 15 at the Township Hall between the hours of 9:00 A.M. to 12:00 noon and 1:00 P.M. to 4:00 P.M. each day. Persons desiring to review their assessments should do so on the dates of the 14th and 15th.

GLENN LAKE, left, president of Michigan Milk Producers Association, and Jack Barnes, general manager, marking the 50th year of the milk marketing cooperative, say: "There will probably be less milk produced for the market in 1966—possibly by 3 or 4 per cent—but we expect somewhat higher sales of milk for bottling purposes—perhaps by about 2 per cent. Prices paid to farmers should be about 1965 levels."

Milk Producers Assn. Marks

50 Years Of Marketing

Fifty years of marketing milk for Michigan dairy farmers is the record of the Michigan Milk Producers Association.

The bargaining-marketing cooperative was founded on May 23, 1916, by a group of farmers around Howell. They met on the campus of Michigan Agricultural College (now Michigan State University) and acted because they had no adequate guarantee that they could sell their milk, no firm assurance they would be paid for milk they did send to market, and no means of pricing their milk except to take what the dairies offered.

For this marketing-bargaining service MMPA members pay less than 2 per cent of their milk income. Besides arranging for milk deliveries to dairies or milk processors, MMPA professionals and elected officials bargain on milk prices.

10,000 Members
They represent nearly 10,000 Michigan dairy farmer members in such highly complex things as federal milk marketing order hearings, promotional programs and national and state legislative matters.

"The men who fought for and built MMPA were successful because they were right; because they were doing something that dairy farmers could not do individually and alone, and because no decent alternative to a farmer-owned, farmer-controlled cooperative like MMPA was ever offered," said MMPA President Glenn Lake, who has headed the organization since 1955.

"MMPA has consistently used its size and its strength in a responsible manner that is responsive to the needs and wishes of its members," Lake said.

Milk marketed through MMPA in fiscal 1965—more than three billion pounds of it—brought more than \$127 million to member dairy farmers. More than \$19 million of it went to dairy farmers during 1965 because of MMPA bargaining ability to win and maintain premium prices over federal order minimums on bottling milk.

Farming More Complex
"The structure of the Michigan milk market today is naturally bigger and more complex than it was 50 years ago," Lake said.

"So is farming more complex and so is practically everything else. One thing that hasn't changed, though, is the fact that MMPA members have milk they want to sell, and dairies have customers who want to buy it. Competition and the cost-price squeeze affect both groups.

"Throughout our 50 years of service, MMPA has remained just what it started out to be: A democratic organization through which dairy farmer members can speak with one voice in the marketplace."

MMPA reached its maximum size in the mid-1950s when

membership exceeded 17,000 dairy farmers. Since that time, there has been a sharp reduction in the number of farmers producing milk for the market all over the United States including Michigan. Despite some very recent reductions in total amount of milk produced in Michigan, plenty has remained available for state needs.

At the time MMPA was founded, and for many years afterward, milk was sold in population centers of the state that were separate markets insulated from each other.

Now, for all practical purposes, all of the Lower Peninsula of Michigan is a single market served by MMPA and regulated by two federal milk marketing orders. Upper Peninsula farmers served by MMPA are under a separate order.

Virtually complete conversion from milk carrying cans to farm bulk tanks and huge tanker trucks, plus the modern network of Michigan superhighways, brought about this change.

Historic Highlights
MMPA history is the story of farmers uniting to market their milk. Highlights:
—In 1916, MMPA was founded and began bargaining farmer milk prices in Detroit, the state's major market.
—By 1924 delegates voted to sell only milk produced on the farms of members.
—During the 1920s, there were a number of "investiga-

tions" by government groups and non-government groups concerned with the retail price of milk.

tion as marketing-bargaining agent for members throughout the difficult economic times of the 1930s.

—During the 1920s, 1930s and 1940s, there were several federal, state and local experiments in regulation of dairy farming and dairy retail pricing, none of which survived. Milk and dairy products were regulated by Office of Price Administration regulations in World War II.

—Attempts to destroy MMPA as the effective bargaining-marketing voice of Michigan dairy farmers were made in the 1930s by the Farmers Union, in the 1930s and 1940s by an offshoot of the United Mine workers, and in the 1950s by a group backed by organized labor and calling itself the Fair Share Bargaining Association.

—In 1951, the first federal milk marketing order became effective in Michigan.

—In 1956, the first "superpool" premium price arrangement on Class I (bottling) milk was worked out by MMPA. Under federal milk marketing orders, a marketwide "pool" is established and dairy purchases are audited by the federal government. A "superpool" is a marketwide pool superimposed on a federal order pool to account for negotiated premium prices on bottling milk above the federal order price.

ICC Gives C&NW Role In Merger
The Interstate Commerce Commission has cleared the way for the Chicago & North Western Railway to make its exchange offer available to Rock Island shareholders through issuance of North Western certificates of deposit for Union Pacific certificates of deposit held by Rock Island shareholders, as well as for Rock Island common shares.

North Western Chairman Ben W. Heineman said the railroad would now move as quickly as possible to implement its exchange offer.

The Commission rejected a petition by Union Pacific Railroad asking the agency to reconsider its earlier order, issued Dec. 28, authorizing North Western to issue the certificates.

Under North Western's proposal, Rock Island shareholders who have already accepted Union Pacific's exchange offer and have exchanged their common shares for Union Pacific certificates, will receive a new distinct set of rights. "It is our conclusion," the Commission said, "that any Rock Island shareholder should be free to avail himself of the benefits of either or both offers—Union

James Gerdeen Wins Doctorate

James Gerdeen, the son of Mr. and Mrs. Clarence Gerdeen of Escanaba Rte. 1, has received his Doctor of Philosophy degree in Engineering Mechanics from Stanford University, Stanford, Calif.

He was supported in his study by a fellowship from his employer, Battelle Memorial Institute of Columbus, Ohio, from January, 1963 to August, 1965.

His dissertation work had to do with collapse of thinshell structures.

A 1955 graduate of Escanaba Public High School, Gerdeen received his Bachelor of Science degree in 1959 from Michigan College of Mining and Technology, Houghton, and his Master of Science degree from Ohio State University, Columbus, in 1962.

He has been employed at Battelle since 1959 returned there last August from Stanford after completing his doctorate study. Gerdeen is now doing research work in structural analysis in the Advanced Solid Mechanics Division at Battelle.

Gerdeen is married and is the father of two daughters.

Parent-Teacher Cage Game Set

The Carney-Nadeau P. T. A. meeting at the school Monday evening discussed preparations for the annual parent-teacher basketball game to be held March 26. Parents were reminded to collect good usable things for the spring rummage sale in April.

FHA members with Mrs. George Raboin, advisor, presented a skit, "Building Blocks For the Future," an explanation of FHA projects.

Hostesses were Mrs. Clement Linder, Mrs. Lawrence Eichhorn, Mrs. Francis Piche, Mrs. Clifford Laurin, Mrs. Phil Poquette, Mrs. Gerald Thiry, Mrs. Gabriel Mouford, Mrs. Anthony Meskin.

Finnish Concert

Lyric tenor Mauno Kuusisto, Finland's golden record winner, will present a concert in Niskander Hall on the Suomi College campus, at 3 p. m. on Sunday, March 20. The recital will include a number of folk songs, such as "Tell it to Him."

Corregidor has been designated a national shrine by the Philippines government.

Peterson Resigns School Position

Orville E. Peterson, assistant superintendent of the Escanaba Area Public Schools, Tuesday night submitted his resignation to the Board of Education.

The Board accepted the resignation with regret and granted Peterson's request that he be given freedom to leave any time between now and the July 31 termination date on his contract should he be called to work at his new assignment.

Peterson said he would accept a position in Washington, D. C. Announcement of his new job will come from Washington, he said.

No successor to his job in Escanaba has been named.

A native of Sycamore, Ill., Peterson came to Escanaba in August, 1964. He had been director of the foreign service division of the Robert B. Stern Philanthropic Foundation, spending two and a half years in the Near and Far East.

Worked In Cincinnati

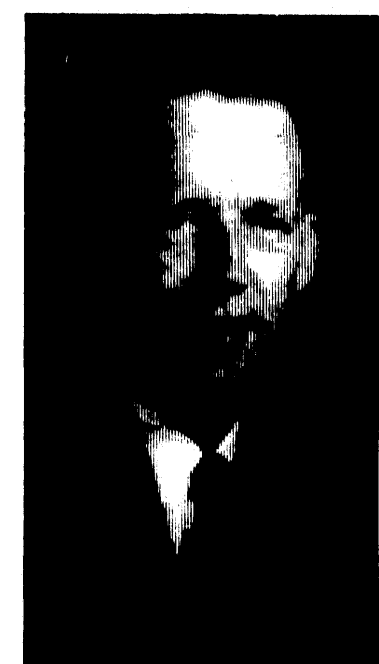

Prior to that, Peterson was employed as director of the Pakistan Education Project sponsored by the Ford Foundation and the University of Chicago and has served for more than 10 years as Director of Instruction for the Cincinnati, O., public schools.

In his letter of resignation, Peterson said he hoped he would be able to fulfill his contract, but that he asked release at this time to give Supt. of Schools Luther Barrett time to seek a replacement.

"Unless a letter of this kind is registered with the membership of the Board at the present time, a situation could develop that might disrupt the continuity of the work of the Department of Instruction and defer approved plans in the area of curriculum development . . .," he said.

Hopes No Problem

"My only hope is that I have not created another difficult problem, among the many problems you have had to resolve, for those of you on the Board of Education that have been so generous to me and for

Orville E. Peterson

whom I have profound respect. Of even greater importance, because of my professional point of view, I hope my leaving will in no way disturb the capable and dedicated teaching staff and local school administrators and consequently create a temporary setback in what promises to be an excellent program of instruction for the deserving boys and girls who attend our schools."

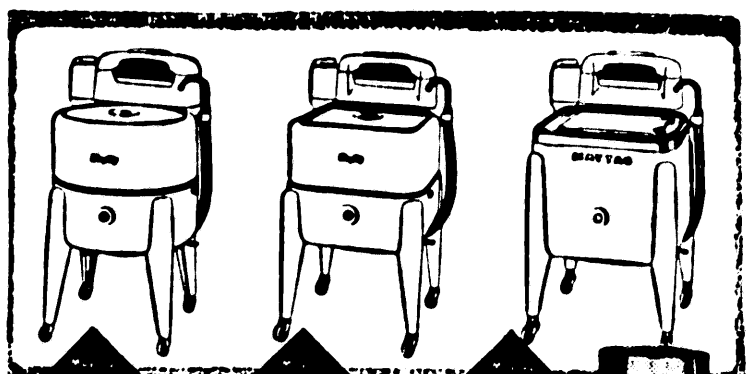

Peterson has been engaged in a curriculum study for the school system and implementation of changes recommended is expected within the next several years.

LINT-FILTER AGITATOR

Now the famous Maytag Lint Filter Agitator, previously found only in Maytag's finest automatic washer, is being made available in the Maytag Wringer Washer. The exclusive Lint Filter Agitator removes lint from the wash water, dispenses soap or detergent, and improves Maytag's already superior washing action.

MAXIMUM LINT REMOVAL—Filter is in the new Filter-Agitator, under water where the lint is, provides constant filtration. Lint is filtered out as water circulates through agitator. No pans or trays to interfere with loading or unloading.

POSITIVE DETERGENT DISTRIBUTION—Detergent dispenser in agitator prevents discoloration and damage to fabrics from undissolved detergent. Four detergent jets in agitator, circulating water dissolves it completely. Two cup capacity permits addition of water softener.

GREATER WASHING ACTION—Wash water circulated through the agitator is forced out specially designed channels in the bottom in swirling jet streams to amplify famous Maytag Agitator Action. Loosens even deep down dirt in seconds.

First Geese Of 1966 Return To Seney On Friday

SENEY — Warm, southerly winds brought the first Canada Geese of the season to Seney National Wildlife Refuge on Friday, March 4.

Three birds were observed on the ice covered pool near headquarters at 3 p. m. by the refuge staff. On Saturday there were 5 more of the graceful, white-cheeked "honkers", all making use of the open water below the pool spillway.

These early arrivals are part of the flock of Canada geese that make Seney Refuge their home. As spring progresses they will be joined by the rest of the flock, which winters on the Tennessee National Wildlife Refuge in western Tennessee.

Amanda Wickert Dies Thursday In Janesville

Mrs. Amanda Wickert, 88, of Janesville, Wis., died Thursday in Mercy Hospital in Janesville after an illness of three weeks. A former Escanaba area resident, she was born Oct. 21, 1885 in Janesville.

She married the late Paul Wickert in 1905 and the Wickerts owned and operated the Terrace until his death in 1933. Mrs. Wickert had been employed by the S. S. Kresge Co. in Janesville for the past 16 years.

Area residents included among the survivors are, Lorraine Rossi and Mrs. Beatrice Bink of Kipling, Mrs. John Bartella and Walter Wickert of Escanaba.

Burial was held Monday in Janesville.

ESCANABA'S CENTRAL Neighborhood Girl Scouts marked the birthday anniversary of Girl Scouting in a program at the Lemmer School Tuesday night. Here Julie Fletcher, a Brownie of Troop 60, holds a large daisy-shaped receptacle for pennies dropped into the Juliet Low Fund. Dropping coins, from left, are Rita Freiseis, Kay Kenneally, Christine Klug and Lorrie Fraddo. (Daily Press Photo)

Lemmer School Ceremony

Central Scouts Mark Birthday

The 54th anniversary of Girl Scouting was celebrated by the Central Neighborhood of the Delta County Girl Scout Council at a birthday party Tuesday evening in the John Lemmer School, with Mrs. Stephen Fraddo, neighborhood chairman in charge.

The Brownie and Junior troops from Soo Hill, St. Thomas, Webster and Washington schools participated.

Junior Troop 12, under Mrs. Gordon LeClair and Mrs. Louis Buchler, and Brownie Troop 60, also under Mrs. LeClair, presented a Juliette Lowe world friendship skit, honoring the founder of the Girl Scouts of the USA. Individual troops then made contributions to the World Friendship Fund. A skit, "The Harvey Girls" was given by Brownie Troop 25.

Jibidi Jibidi, Shoemaker's Dance and Kinderpolka were folk dances demonstrated by Brownie Troop 10, led by Mrs. Richard Wagner, Mrs. Walter McNally and Mrs. Joseph LeDuc. Troop 60 gave a Brownie magic show. Mrs. Fraddo led the girls of Junior Troop 70 in a skit, "A B C for Safety." Junior Troop 6, under the leadership of Mrs. Ronald Bruce and Mrs. Ted Cavadeas, presented a physical fitness program; and Junior Troop 12's skit was entitled "Never be Greedy."

Climaxing the program award of prizes in the Poster Contest by Mrs. Ray Richards, Treasurer of the Delta County Council. Judges were Mrs. Clayton Tanguay and Mrs. Marvin Pearson. Brownie winners were: Honorable mention, Jill Cavadeas, Troop 10, and Lynn Bergeon, Troop 25; 3rd place gift

Former Resident Of Hermansville Dies In Chicago

Mrs. Agatha Ivacko, former resident of Hermansville died Monday in Chicago.

Survivors include three daughters, Mrs. Ann Pusick of Chicago, Mrs. Sylvia Schultz of Melvindale, Mich., and Mrs. Katherine Moschet of Dearborn, Mich.; and one son, Joseph Ivacko of Ann Arbor.

The body was brought to the Kell-Tondin Chapel at Spalding.

Hundreds Attend Church Program

More than 400 people attended the consecration program for Sawyer Hall, the newly constructed addition to the First Methodist Church, on Sunday.

The sermon at morning service was by Rev. James Bal-four, Marquette District superintendent.

The Seminar Choir was directed by John Chown with the solo part sung by Mrs. George Semmens and the violin obligato played by Mrs. August Brazeau. The Junior Choir is under the direction of Mrs. Semmens.

At the formal consecration Alfred Brandt presented the keys to the new unit to Carl Sawyer who in turn turned them over to Jack Foster, chairman of the trustees of the church.

During the afternoon services, two former pastors who were able to be present, Rev. Otto Steen and Rev. J. B.

Forecast Early Shipping Start At Escanaba Port

Escanaba's port will be open to navigation in early April, with most Upper Great Lakes shipping getting under way by April 15, according to optimistic reports from several sources.

At Cleveland on Tuesday Great Lakes fleet representa-

The ore car extension project will continue for about five or six weeks, while the ore dock work will go on for about another month.

S. C. Jones, C&NW Railway vice president in charge of operations, Chicago, was to arrive at noon today for an inspection of North Western facilities in Escanaba. He will tour the railway's several departments here in the inspection that precedes the start of ore shipping.

L. A. McMillan, C&NW dock agent, said that it is possible that ore shipping might begin here by April 2 or 3, although there is no definite word as yet. Last year the first boat of the season arrived at the ore dock on April 6 and in 1964 it was April 3.

These dates are in keeping with the optimistic reports given lake shippers in Cleveland. members of the ice committee of the Lake Carriers Association a few vessels, primarily cement carriers and other self-unloaders, will start moving earlier. The cement carrier Crapo may be the first to get

started if it makes a trip as expected from Alpena, Mich., to Detroit later this week.

A Coast Guard representative told the committee there is less ice in the lakes than at this time a year ago and that the existing ice is only about 60 per cent as thick as would be expected at this time of year.

Lake Superior is reported 70 to 90 per cent ice covered, with the east end of the lake almost ice free. Whitefish Bay, the lower St. Mary's River and Buffalo harbor appear to be the only trouble spots at present.

Whitefish Bay, a perennial trouble spot, is reported 100 per cent ice covered, with ice 14 inches thick and a few windrows.

The Mackinaw, the biggest Coast Guard ice cutter on the lakes, is to start working about March 20 in the Straits of Mackinac. The ice breaker is scheduled to go up the St. Marys River and through the Sault Ste. Marie locks about April 1.

The Army Corps of Engineers reported the Soo Locks will be ready then.

Escanaba Has Third Highest Port Tonnage

Tonnage records show that Escanaba exceeds Milwaukee in shipping volume and ranks third on Lake Michigan.

The U.S. Army Engineers in records for 1964, the latest available, reports that Indiana Harbor's tonnage was 18,691,018 to lead Lake Michigan ports. Gary, Ind., was second with 9,114,426 tons and Escanaba was third with 7,707,940 tons.

The combined tonnage for Little Bay de Noc (Escanaba, Gladstone, Kipling and Wells) was 8,176,645.

Milwaukee ranked fourth with 6,381,442. Green Bay had 2,516,659, about the same as other Lake Michigan ports below the top four.

tives were told that ice conditions are very favorable for a early opening this year. Little Bay de Noc ice is 12 to 16 inches thick—about half the usual depth for this season.

The Chicago & North Western Railway is continuing its preparations for ore shipping with improved facilities. Ore cars are having their sides raised to carry greater volume of pellet ore in the season ahead, and 160 men are at work on major repairs to the C&NW ore dock here.

Hospital

Vernon Potvin of Garden is a patient at Ferguson Hospital, Grand Rapids, Room 304. He will undergo surgery Thursday afternoon.

Auto Union Records Gain

DETROIT (AP)—The United Auto Workers Union's membership stands at 1,462,000, the union said in a report Tuesday. The UAW said this compares with its record high of 1,620,509 in January, 1953. The UAW's membership in American General Motors plants has surpassed 400,000 for the first time, the union said. The UAW said the figure is 401,861.

Boost Loan Fund

WASHINGTON (AP)—The Senate Tuesday passed by a voice vote and sent to the House a bill authorizing a \$125 million increase in the Small Business Administration's loan funds.

BIG BLOW — Debbie Justus is keeping her eyes on things just in case. The St. Petersburg, Fla., girl just might be blowing the biggest bubble gum bubble of all time, but on the other hand,

Senate Ponders Bill To Ban Doe Shoot, Up Fees

LANSING (AP)—The Senate Conservation Committee voted Tuesday to report out its omnibus deer bill, which includes a two-year ban on the shooting of antlerless deer.

The only provision for shooting does and fawns under the measure would be through the issuance of 50,000 permits, to cost \$10 each, for deer to be used in camp.

The bill also would hike the deer license fee from \$5 to \$7.50 and provide for a uniform Nov. 15 start of the deer season.

Money raised by the license fee increases would be earmarked to improve deer habitat.

Sen. Robert Richardson, R-Saginaw, argued for a delay of at least a week in reporting out the bill to give spokesmen for the Conservation Department a chance to be heard before the committee.

The department has opposed the ban, contending some harvesting of antlerless deer is needed to prevent overbrowsing the range and winter starvation.

Expect Fight — Sen. Carl O'Brien, D-Pontiac, committee chairman, said department representatives have been given a chance to appear and have not come in.

"I think they have already made up their minds they are going to fight this bill," said Sen. Stanley Novak, D-Detroit.

"These guys haven't even admitted yet that one too many

deer has been shot," said Sen. Basil Brown, D-Highland Park.

Sen. Terry Troutt, D-Romulus, said all the conservation commissioners he talked to were in favor of using the extra money raised to improve deer habitat.

Opposition to the ban on shooting antlerless deer was voiced by Sen. Thomas Schweigert, R-Petoskey.

Legislature Erred — "We are creating a backdrop for an absolute disaster," he said.

Schweigert said the Legislature was in error last year when it "meddled in things it didn't know enough about" and created different dates for the opening of the hunting season in the Upper and Lower Peninsulas.

As a delaying tactic, Schweigert tossed in a motion that there be a complete ban on shooting deer. He was voted down.

O'Brien, Troutt, Brown and Novak voted to report out the bill. Schweigert was opposed and Richardson abstained from voting.

Lose Policeman

HUDSONVILLE (AP)—Mayor J. C. Gryson has proposed dissolving Hudsonville's one-man police force and turning its duties over to the Ottawa County sheriff's department. It follows the resignation Saturday of Police Chief Willard Ten-Have, the community's lone officer, to take a post as license examiner for the Michigan secretary of state. Hudsonville is a community of some 3,000 residents.

WILL IT SELL?—Italian designer Forquet of Rome went all out in the current bare fashion trend with this little number, described as an evening dress, featuring a mass of beads for a bodice and very little else. The beaded bib is worn over hip-hugging pantaloons.

Mr. and Mrs. Dale Watchorn and family spent the weekend in Escanaba. While here they attended church services in which Mrs. Watchorn's brother-in-law, the Rev. Fred Norlin delivered his first sermon in his new parish.

Mr. and Mrs. Leonard Nedeadu and children of Kalamazoo visited his parents, Mr. and Mrs. Leo Nedeadu over the weekend.

Mr. and Mrs. Gary Groleau of Chicago spent the weekend at the home of Mrs. Groleau's parents, Mr. and Mrs. Wendell Sundling. Wendell Sundling returned home with them for a visit.

Mr. and Mrs. Sam Richmond have been informed that their son, Clyde serving with the U. S. Marines, medic division, will be sent to Viet Nam.

Henry Birch has been admitted to the Delta County Convalescent Home.

Dinner guests Sunday at the Harvey Sundin home were Mr. and Mrs. Arvid Sundin, Mr. and Mrs. Kenneth Peterson and sons, Wayne and Mike.

Mrs. Richard Segerstrom is a surgical patient at St. Francis Hospital.

Willie Gouin has been dismissed from the V. A. Hospital at Iron Mountain.

Almost all of the entire world's supply of helium is produced by gas wells near Amarillo, Texas.

Bill To Rename Mackinac Bridge Is Withdrawn

LANSING (AP)—A Democratic booster has announced he has given up the idea of renaming the Mackinac Bridge for former Gov. G. Mennen Williams.

"It was labeled an obviously political maneuver to bring Gov. Williams some votes should he run for the U.S. Senate," said Rep. Victor Steeh, D-Mount Clemens, sponsor of the bill in the House.

Now that Williams has announced as a candidate for the Democratic nomination for the Senate, Steeh said, "I feel that withdrawing the bill will avoid my idea being embarrassing for him in any way and will solve any problem of it being labeled 'political.'"

Steeh added he was "certain

Retail Sales Up 9 Per Cent

WASHINGTON (AP)—The Commerce Department Tuesday estimated total retail sales in the nation last year at \$283.9 billion, up nine per cent from the estimated \$261.6 billion in 1964. At the same time, the department said retail sales for December totaled \$24.8 billion on a seasonally adjusted basis, a one per cent increase over November and up nine per cent from December of 1964.

had there been no G. Mennen Williams all of us would still be waiting in those long lines for a bumpy ride across the Mackinac Straits in a ferry."

Up The Ladder

NEW YORK (AP)—Howard E. Crawford, general director of sales and service, marketing staff, for General Motors Corp., will become a vice president of the corporation April 1. Crawford was named to the position by GM's board of directors, to succeed K. E. Staley who is retiring.

Christ the King
The mid-week Lenten service will be held this evening at 7:30 p. m. Pastor Carlson will continue the series, The Places of the Passion, with the sermon topic, "Into the Upper Room". The Senior Choir will sing, "When I Survey the Wondrous Cross."

Stuffed celery makes a delicious hors d'oeuvre for a company supper. You may use cream cheese, flaked canned crabmeat and a little mayonnaise for the celery stuffing. Sprinkle the stuffed celery with paprika for a rosy garnish.

Mrs. L. Niquette Guest Speaker At B.&P.W. Meet

Mrs. Leo Niquette, president of the Parent Teachers Association Council, discussed the Code of Responsibility for Parents and Youth at the dinner meeting of the Business and Professional Women's Club held last evening at the Sherman Hotel.

Starting with the precept that Goodness Shines Through, Mrs. Niquette stated that every child must have a chance. No child is basically bad — only environments and adult examples are bad. Change them and the goodness of the child shines through. The Code of Ethics came into being as the result of the combined efforts of a PTA Study group and representatives of the various youth groups.

Mrs. Niquette said the code as presented by the adult group was accepted with some additions and changes. The meetings were open to the public and especially to interested parents. If finances are available, the PTA Council plans to have the code printed for distribution both to young people, schools, business places and law enforcement agencies.

She also cited ten commandments for parents.

Also, at last night's meeting, Mrs. Harold O'Connell of the Norway Pines Motel was accepted as a new member. Arrangements for the meeting were in charge of the World Affairs Committee consisting of Alice Kvam, Leona Dougherty, Ardyth Flaherty and Flora Clark.

If you have a cup of white wine left from a bottle that has been served at a meal, you can use the wine (instead of 1 cup of the water called for) in making up a small package (four-servings size) of flavoured gelatin.

Legion Auxiliary Planning Party

American Legion Auxiliary, Cloverland Post 82 held their monthly meeting March 7 at the legion clubrooms.

Mrs. William Butler announced the Auxiliary will entertain at the Iron Mountain Veteran's Hospital on April 11. Plans were also made for the Legion birthday party to be held March 19 at the legion clubrooms at 6:30 p. m.

Hostesses for the evening were the Mesdames: David Johnson, chairman, Sophionna Baldwin, Olga Matthews, Leo Fillion, Kate Donovan and Gladys Berkenmeier. Chairman for the April 4 meeting will be Mrs. Bessie Rogers.

Powers-Spalding

The St. Ann Altar Society met at St. Francis Xavier parish hall Monday evening for their regular monthly business meeting. Thirty-five members were present. Miss Loleta Sanford spoke on the Deanery Board meeting she attended along with Mrs. Wilfred Fleetwood, Mrs. Kenneth Bellmore and Mrs. Machia. The Deanery convention will be held at Marquette at the Bishop Baraga High School. Miss Sanford, and Mrs. Bellmore discussed the newly organized legislation committee and its functions.

A day of Recollection will be held for the High School students on Holy Thursday and lunch will be furnished to them from the St. Ann society with Mrs. Lester Srinke, Mrs. Mose Gagne, Mrs. Napoleon Betters and Mrs. Raymond Poupore in charge.

The Holy Name men joined the St. Ann ladies in a Happy Birthday celebration in honor of Father Walter Franczek. He was presented with a spiritual bouquet and card.

The Holy Name Society of St. Francis Xavier parish met for their business meet at the parish hall. They discussed the annual meat-ball and spaghetti dinner with fried chicken which they will serve on Sunday, May 1.

ANNOUNCEMENT is made by Mr. and Mrs. Ernest Zeno, 2221 5th Ave. S. of the engagement of their daughter, Judith Christine, to Harold T. Burch, son of George Burch of West Virginia and the late Mrs. Burch. A May wedding is being planned. (Prestons House of Portraits)

4-H Club Plans For Local Achievement

CORNELL—President, Vital VanDresse, presided at the regular monthly meeting of the Cornell Tots and Teens 4-H club. Preparations were made for local achievement which will be held on Monday, March 28 at the Cornell Town Hall. The public is invited to attend. The Cornell P. T. C. will again sponsor the program and serve lunch.

There will also be a silent auction and each family is asked to make a donation for the sale. The P. T. C. quilt drawing will also take place.

Leaders passed out new reports and gave instructions as to filling them out. All reports must be filled out and given back to the leaders at the meeting to be held on Monday, Mar. 21 at the hall. At this time all girls, clothing projects must be completed and will be judged by the girls themselves. Modeling will be practiced and anyone having a talent act will also practice.

The group was reminded that if they wish to purchase seed kits and or fruit trees and berry plants they are to contact the office. The club donated \$17.50 to the Delta County 4-H Fund.

Mrs. Morton Schueren, leader for the boys, attended the 4-H leader meet at East Lansing over the weekend.

The next work lesson for girls will be Monday, March 14 after school.

Rebekah Lodge Meets Thursday

Phoebe Rebekah Lodge 779 will hold a regular meeting Thursday, March 10 at 8 p. m. in the IOOF Hall. Hostesses are, Jennie Wicklander, chairman, Dorothy Olson, Audrey Nygaard and Edna Goertzen.

Saturday evening, March 12 members and friends are invited to a night of fellowship beginning with a 6 o'clock pot-luck supper in the lodge dining room. Dancing and cards will be the evening's entertainment. Music will be provided by Olaf Peterson, Carl Sebek and Harold Walker. More information may be obtained by calling Mrs. Grant Nygaard, 786-4017.

More people get more news from newspapers than from all other sources combined.

Rapid River PTA Plans Annual Talent Show

Several items of business and upcoming activities were discussed at the recent meeting of Rapid River's PTA, president, Mrs. Lee Beeck, presiding. A discussion was held on withdrawing from the National PTA organization. It was the general consensus at the meeting that belonging to the national organization provides few benefits. Action on this proposal was tabled for the March 28 meeting.

Mrs. Charles Doonan reported on the Topical Flouride program. Enrollment cards and fees are to be returned to Mrs. Gail Larsen, Rapid River by Tuesday, March 15.

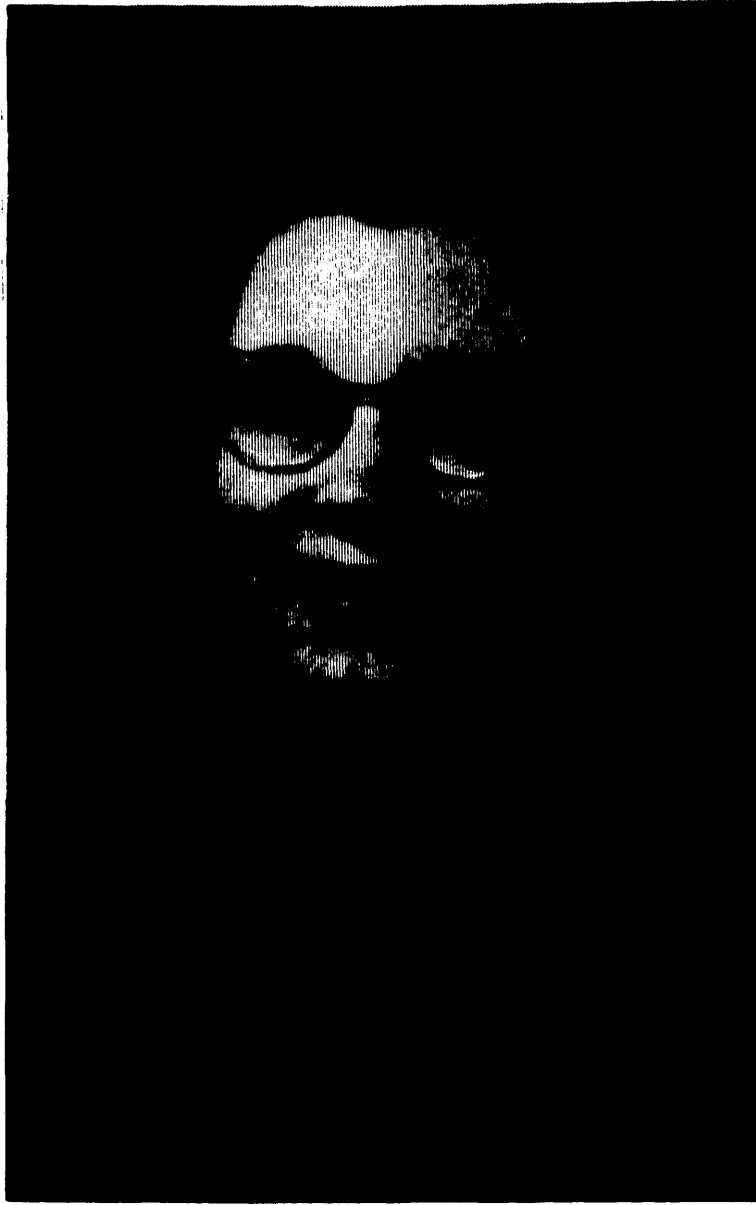

Friday, March 15, has been set for the Rapid River PTA Talent Show. Mrs. Ronald Sundberg, chairman, stated that on March 23 and 24, the committee would be in the multipurpose room of the elementary school during the lunch hour to sign up talent show contestants. Following the show, Rapid River High School's senior class will serve dessert and coffee in the elementary building. A bake sale will coincide with the dessert social.

Plans were made to sponsor a PTA pie social following the school's annual spring festival with chairman, Mrs. George Moore assisted by Mrs. Wallace Lindquist and Mrs. Harold Bjurman. An auction and white elephant sale were proposed by the project committee as possible future projects.

Nrbau Steinmetz, executive director of U. P. Family Bureau, Escanaba, provided the evening's program. Steinmetz's talk emphasized marriage and family planning. Records covering these subjects are provided for discussion groups. Anyone interested in securing the records may contact the Bureau through his priest, pastor or rabbi.

Lunch was served by the first grade mothers Mrs. Donald Person, chairman.

Ever heat canned baked beans with a little sherry? Good when you are serving ham and beans on an evening party menu.

ANNOUNCING the engagement of Miss Sandra Knuttila of Ann Arbor, daughter of Mr. and Mrs. Leslie Knuttila of Munising, to Robert Sikkila of Ann Arbor, son of Mr. and Mrs. Onni Sikkila of Rock. Miss Knuttila attended Northern Michigan University and Eastern Michigan University and is presently employed by Information Control Systems Inc., Ann Arbor. Her fiancé is a graduate of Northern Michigan University and is presently a student at the University of Michigan. A May wedding is planned.

Altar Society Plans Fun Fair

RAPID RIVER — At the March 3 meeting of St. Charles Borromeo Altar and Rosary Society plans were completed for a public Fun Fair Carnival to be held Sunday, March 27, 2-5 p. m. in the St. Charles parish hall in Rapid River. Booths will feature games, bake spin, fish pond, popcorn, and candy. A lunch of cookies and coffee will be served. Mrs.

Michael Majestic is the general chairman.

St. Charles CTA (Catholic Teen Age) group is asked to volunteer its help in setting up booths. The young people are asked to contact Mrs. Majestic. Evening hostess was Mrs. Stanley Dominick. The next meeting will be April 7 with hostesses, Mrs. Mary LaCrosse and Mrs. George McCaughlin.

Don't grease pie plates or pans! The pastry dough should be rich enough to be placed in an ungreased pie plate.

Lenten Services At Rapid River Area Churches

ST. CHARLES BORROMEO
Teen speaker at Rapid River the St. Charles Borromeo Church Wednesday, Lenten service will be Lon LaBum-bard. The service will begin at 8 p. m. with parish priest, Father John Vincent Suhr, conducting the Bible service. The evening's theme will be, "Woman, Behold Thy Son," then He said to the disciple, Behold Thy Mother." The Four-teen Stations of the Cross will be observed at St. Charles, Friday, March 11, 8 p. m.

CONGREGATIONAL

Weekly Lenten Service will be observed tonight, 7:30 p. m. at Rapid River Congregational Church. Rev. Philip C. Meili's sermon is entitled, "Herod—A Decision by Default." Mrs. Thomas Safford will be the evening soloist. Everyone is welcome.

CALVARY AND TRINITY

Rev. George Olson, pastor of Rapid River Calvary and Stonington Trinity Lutheran Churches will continue with his Lenten Bible series, "I Believe", tonight at 8 p. m. at the Rapid River Church and Thursday, March 10 8 p. m. at the Stonington Church. Nursery services will be provided during the Rapid River service.

Area School Board Denies Recognition To Employees' Group

A group representing itself as the Escanaba Area Public School Employees Association was denied recognition as sole bargaining agent in salary and contract matters Tuesday night by the Area Board of Education.

In the face of a threat of a formal complaint to the Michigan Labor Mediation Board, the Board of Education challenged the employees group to provide proof it represents the employees it claims as members.

The Board approved a resolution "not to recognize the group until we get further proof of representation as stated."

The group, in a letter, said it had organized Dec. 16, 1965, and represents 71 of 76 non-teaching and professional employees of the system. Under Michigan law, the group asked recognition by the Board of Education as the sole bargaining agent in contract negotiations.

Challenge Claims

A further communication from the group, signed by Lency Clairmont, chairman of the executive board, threatened a formal complaint to the Michigan Labor Mediation Board if the Area Schools did not take rapid action on their request.

Board Trustee Wheaton Strom took exception to an affidavit filed on behalf of the group by an Escanaba attorney and challenged the organization to take their complaint to the state.

The affidavit, Strom said, proved only that 71 people employed by someone had signed cards. He said the affidavit did not prove that the people were even employed by the school system.

The motion not to recognize the group carried by a 4-2 vote. Roland Collins and Mrs. Robert Mosenfelder opposing. Strom, Forrest Henslee, Dr. Vernon Johnson and Carlton Olson voted against the group.

In other action, the Board of Education sent back to its Area Committee a report on the proposed Elementary-Secondary Education Act proposal.

Adams Named Staff Forester

Pete Adams is the new staff forester at Rapid River's U. S. Forest District. Adams is in charge of the Forest Service's new land acquisition program serving Rapid River, Manistique and Munising Districts.

A forestry graduate of Michigan State University, Adams served in Baldwin District's Huron-Manistee National Forest before coming to Rapid River. His three years of U. S. Forest Service has included an assignment in Missouri.

He and his wife, Dorothy, have two daughters, Patty, 7, second grade at Rapid River's Bay de Noc Elementary School and Doty, 5, who will enter kindergarten next year, a son, Kris, 4, who is still in Missouri. The Adams are renting the Jack Miller home in Rapid River.

George McGaughlin has been promoted to staff forester in charge of timber management for the Rapid River District. McGaughlin, a forestry major from the University of Massachusetts, and his wife, Mary Ann, have lived in the Rapid River area for three years.

Rapid River District and its Hiawatha National Forests was McGaughlin's first assignment with the Forest Service. George is assistant Boy Scoutmaster for Rapid River Troop 488.

Adams move to the Rapid River District was necessitated by the January retirement of Harold Bergman of Gladstone, assistant forest ranger. Rapid River foresters are Ron Humphrey and Bob Lannon. Both were assigned to Rapid River in 1965. Ray Chase serves as ranger at the Rapid River post.

City Employees Protest Stall In Grand Rapids

GRAND RAPIDS (AP)—Nonuniformed city employees were set for a two-day march today from their union headquarters to city hall in a demonstration against what they call a stall in labor contract bargaining.

Plans by the Grand Rapids local of the American Federation of State, County and Municipal Employees, AFL-CIO, were proceeding despite a last-minute plea from Mayor Chris Sonneveld to call them off.

Robert Thomas, union local president, said the plea was too late to call off plans involving more than 200 persons.

Troopers Report Five Accidents, Drivers Not Hurt

State Police investigated five minor traffic accidents, including one between a car and a train.

Troopers said George Quirk, 60, of Perkins was crossing the Chicago & North Western tracks on Co. Rd. G-34 near Brampton when his car was struck, damaging a fender. Quirk was not hurt.

Fredrick Spencer, 33, of Gary, Ind., was given two traffic summonses after being involved in two accidents shortly after 4 p.m. Leaving Rapid River, Spencer backed his car into a vehicle owned by Joseph Micheau of Rapid River, police said. He then drove south on US-2 and 41 and ran off the road about a mile from Rapid River.

Troopers ticketed Spencer for failing to stop and identify after a property damage accident and also for violation of the basic speed law, too fast for condition.

Other motorists involved in minor accidents were Roy Reimer, 413 Wisconsin Ave., and Raymond Alworden of Kipling and Charles Anspaugh, Rte. 1, Gladstone. Reimer slid off a road with his car and Anspaugh struck Alworden's vehicle in the rear while Alworden was making a left turn, officers said.

Joseph Viau, Rte. 1, Gladstone, was ticketed for no operator's license and no registration plates on trailer.

Photo License Net Completed

LANSING (AP)—Nearly one million Michigan drivers now have new licenses with color photos attached, reports Secretary of State James Hare.

Hare said the new photos now are being provided at all licensing locations. Grosse Pointe was the last station to be converted to the new licenses.

Water Rising

NEW YORK (AP)—Rain and continued runoff from melting snow brought the city's water supply to 54.2 per cent of capacity this week.

But the level was still below the normal 77.8 per cent.

ALBERT BONIFAS removed sheet metal siding from the old Marble Arms plant on Superior Ave. during moving operations to the new building in the Industrial Park. (Daily Press Photo)

Area Board Adopts Report: Curriculum Goals Set

The Escanaba Area Board of Education in a stormy four-hour session Tuesday set its curriculum course for the next two years with adoption of a curriculum study report.

Immediate affect will be to boost foreign language offerings at the high school from two to three years, add a four year of math instruction to the high school program and possibly a four-year of science for students talented in those areas.

The report was prepared by Orville E. Peterson, assistant superintendent of schools, and members of the Board's Curriculum Committee. It covered all fields of instruction from kindergarten through high school.

Included in the recommendations for implementation in the 1966-67 school year were:

- Hiring at least one art teacher for visitation in elementary grades;
- Hiring two teachers for the J. F. Kennedy school for retarded children which the area schools will operate next year;
- Examination of the language arts program at the junior high school with adoption of new text books, if necessary to upgrade the program;
- Extension of the summer developmental reading program to include students from all grade levels who need assistance;
- Introduction of a four year course in science at the high school to allow students with strong science interests to benefit.

ter prepare themselves for college work. The course possibly would be an "Applied Science" offering where students are allowed to develop and work on their own projects under teacher supervision.

- Addition of a third year of both French and Spanish for college-bound students;
- Addition of a fourth-year of mathematics—the content to be determined after consultation with math teachers;
- In addition, the Board agreed to move ahead in other areas of instruction when facilities become available, primarily classroom space at the elementary level.

Extension of facilities and staff to provide two additional ungraded classrooms at the elementary level and one at the junior high level was approved, as was an additional hiring of teachers to reduce pupil-teacher ratios in elementary grades.

A second art teacher for elementary schools was considered necessary.

In the high school, a reexamination of the present industrial arts program was approved to determine if stronger concentration should be given to preparing students for specific vocations or whether the existing industrial arts program should be broadened.

Also favored for the future was a lengthening of school days at the junior and senior high school.

Estimated cost to implement all of the recommendations approved would be between \$50,000 and \$100,000.

Fallout Shelters Here Supplied For 22 Thousand

Mason E. Johnson, Delta County Civil Defense director, has received more emergency shelter supplies for public fallout shelters, of which there are 17 in Delta County.

There are also more than 200 private fallout shelters in homes and other private buildings, including one that will accommodate several hundred persons who are tenants of the landlording providing the facility Johnson estimated that 250 Delta County families have their own private fallout shelters.

The emergency supplies just received went to the shelters at Beck's Western Auto and Montgomery Ward stores, and the Masonic Temple in Escanaba and All Saints Church in Gladstone. The supplies included radiological instruments, food, candy, sanitation and medical supplies and water barrels.

"With these supplies the Delta Civil Defense Unit has supplies for 65 per cent of the 34,000 population of the county," said Johnson.

He reported that the U. S. Corps of Engineers has completed a new survey in Delta County.

Dr. Wentz Heads Hospital Council

Dr. Walter J. Wentz, administrator of the War Memorial Hospital, has been elected as the president-elect of the Upper Peninsula Hospital Council at a regular meeting in Ishpeming on Tuesday, March 2nd.

He succeeds Harry Purdy, administrator of Schoolcraft Memorial Hospital, Manistique, recently resigned.

The Upper Peninsula Hospital Council, a Division of the Michigan Hospital Association, includes 19 hospitals throughout the Upper Peninsula.

Briefly Told

Delta Chapter 118, Royal Arch Masons will meet at the Masonic Temple at 7:30 p. m. Thursday.

A call meeting of Carpenter's Local No. 1832 will be held at 7 p. m. today at Carpenter's Hall.

The Holy Name Booster Club will meet at 8 p. m. Thursday at the school to make final plans for the sports banquet scheduled Thursday, March 31.

Dr. John Neumeyer, Wausau, Wis., and Dr. F. H. Moellendorf, Green Bay, announce that the Holiday Inn in Wausau will be the site of the State of Wisconsin and Upper Michigan convention of the Society of Wisconsin Chiropractors June 4-5.

The March meeting of the Silver Spur Saddle Club will be held at the Mosier Community Hall at Danforth at 7:30 p. m. Thursday, March 10. Two films on saddle horses will be shown. Interested persons are invited.

Northern Michigan University in cooperation with Menominee, Delta and Dickinson county schools will offer NMU 526, Modern Trends in the Language Arts, in the 1966 spring semester on alternate week-ends at 6:30 p. m. Friday, Mar. 17, and 9 a. m. Saturday, March 19, in the Bark River-Harris Elementary School.

City Planning Commission To Meet Thursday

The Escanaba Planning Commission will meet at 4 p. m. Thursday to consider several items of business, including a report on a plan for a parking survey in the city's downtown district.

Revision of a proposed Precised Plat No. 5 in the southwest of the Area High School; discussion of a proposal to revise a surveyed plat affecting 10th Ave. S. extension to 23rd St.; and consideration of the location of a North Escanaba tennis court are scheduled.

The plan for a parking survey will be considered by the Commission and if approved will proceed by Harland Bartholomew Associates, city planners.

Boost B52 Load

WICHITA, Kan. (AP)—The Boeing Co. is modifying some B52 Stratofortress bombers to increase their conventional bomb loads by as much as 57 per cent.

B52s so equipped would be able to carry up to 60,000 pounds, an increase of 21,750 pounds. The company did not say how many B52s were being modified.

Gladstone Industries 'On The Move'

By DAVE ANDREWS

The big move for the City of Gladstone and its two premier industries is on.

Eaton, Yale & Towne, Inc., the rising star on the city's economic horizon, is high-balling truckloads of heavy equipment 700 miles from Oil City, Pa. to start new manufacturing operations.

Marble Arms, for years a diamond in the city's industrial rough, is moving its business into a spanking new building.

And before the end of the month, heavy equipment will be moving into the old Marble Arms plant—leveling the site for start of a \$2 million addition to Eaton's Dynamatic Division.

The combined moves of the two industries—plus forward steps by the City Commission and the Board of Education to provide new facilities and services—are expected to give Gladstone its biggest economic boost since the logging days.

J. J. (Bill) MacElhattan, Eaton industrial engineer at Gladstone, said 17 or 18 trucks loaded with equipment being transferred from the recently-obtained Worthington Corp. plant at Oil City have already arrived in Gladstone. More are on the way.

"They've been coming in so fast that we haven't had time to set up the equipment," MacElhattan said.

"We've got maintenance men working on the smaller machines, leveling them up and getting them adjusted," he continued. "Nothing is being produced right now, but we should have some of the machines in operation by the first of the week."

Manufacture of Eaton's new line of pulleys, sheaves and other power transmission equipment for use with its line of adjustable-speed drive electric motors already being made by Dynamatic Division plants at Gladstone and Kenosha, Wis., will start on a temporary basis in the Steel Tank building in the Industrial Park and in Eaton's motor plant until the new addition can be completed this summer.

"So far we have only hired two people," MacElhattan said. "They were hired for machinists work, but they've been sorting out things until we get organized. There'll be more hired, probably daily now until we can get things in operation."

Meanwhile, Marble Arms is scrambling to get out of its old building by April 1.

Bill Clark, vice president and plant manager, picked up the telephone for the second time in five minutes. The first time the line was being passed over a beam and a connection was temporarily loose.

MACHINERY FOR Marble Arms manufacturing operations is given a fresh coat of paint by Agnes Sannapa, left, and Myrtle Brown after its installation in the new plant in the Industrial Park. Marble Arms is in the process of moving into the new building and hopes to be fully settled early next month. (Daily Press Photo)

Rev. Wilson Is Lenten Speaker

A Lenten service will be held at 7:30 p.m. today at the Evangelical Covenant Church. Guest speaker for the service will be the Rev. Everett Wilson, pastor of the Evangelical Covenant Church of Escanaba.

The Rev. Wilson, who is a graduate from Hastings College in Nebraska with a Bachelor of Arts degree, and a graduate of North Park Seminary in Chicago with a Bachelor of Divinity Degree, is a regular contributor of articles to various religious publications.

Special music for the service will be provided by Miss Shiela Piche and Miss Sue Garrard, both of Escanaba.

Other Lenten services, according to the pastor, the Rev. Loren E. Anderson, are scheduled as follows: March 15, Rev. Walter Nordin, pastor of the Bark River Bible Church, speaker, March 22, Rev. David Johnson, pastor of the Evangelical Covenant Church of Norway, Michigan, speaker and March 29, Mr. Arthur Neiman, Escanaba attorney will address the congregation. The public is cordially invited to attend these services.

Rev. Everett Wilson

"We're in the process of moving," he smiled amidst the debris.

"We should be back in business here in the office in a week or so. Most of the equipment that we intend to move over from the old building is already here. There is some inventory and a lot of odds and ends left. By the end of the week we'll have everything we're going to move."

Clark said the new building, a striking salmon pink structure, is coming along real good. He said he hoped things would be cleaned up in a month.

The old Marble Arms plant on Superior Ave. has been stripped to a skeleton. Within the month it will be gone completely.

Progress has come.

BRAMPTON TOWNSHIP BOARD OF REVIEW

Liquor Stolen At Legion Hall

An undetermined amount of liquor was taken from the American Legion Hall, 19 N. 9th St., in a breaking and entering last night.

Gladstone Police, who are investigating, said both side doors in the building were forced open.

Police also reported an attempted breaking and entering at the garage at the rear of Gabrielson's Grocery, 592 N. 5th St., where someone tampered with a side window. Entry was not gained to the building.

Briefly Told

The Evening Circle of the Evangelical Covenant Church will meet at 8 p.m. Thursday at the home of Mrs. Alcott Erickson, 703 Dakota Ave. Mrs. Donald Buckmaster and Mrs. Walter Erickson are in charge of the program.

Afternoon circle of Evangelical Covenant Church will meet at 2:30 p. m. Thursday at the home of Mrs. E. R. Johnson, 1420 Dakota Ave. Mrs. Loren Anderson and Mrs. Robert Prins are program chairman.

Social

The March meeting of the Silver Spur Saddle Club will be held at the Mosier Community Hall at Danforth at 7:30 p. m. Thursday, March 10. Two films on saddle horses will be shown. Interested persons are invited.

with Ray Crandall

Whatever happens to the Newberry Indians in the Class B regional tournament at Northern this week it can't match the tension of their 51-49 victory over Rudyard in a triple overtime thriller in the district opener at Rudyard last week. Newberry hit only three field goals in the first half and trailed 22-18 at the intermission. They rallied to tie the score at 41-41 at the end of regulation time on a field goal by Randy Planck with three seconds remaining in the game.

Planck was the hero again in the first overtime period as his clutch basket tied the score again, 43-43. The score was knotted again at the end of the second overtime, 47-47. A field goal by Mike Perry and a pair of free throws by Sam Hicks finally won it for the Indians in the third extra stanza.

Newberry surely must be the comeback team of the year in the Upper Peninsula under new coach Jim DePew. The Indians failed to win a single game last year, dropping 16 straight in the regular season and losing their district tournament opener to Rudyard. In the past four years the Indians have managed only seven victories while suffering 61 defeats. Depew, a former Munising athlete and graduate of Northern, picked the Indians up to a highly respectable 7-10 regular season record and added two more victories over Rudyard and Manistique in the district tournament.

Coach Gene Farrell's Ironwood Red Devils set an all-time school scoring record when they blasted Iron Mountain, 110-47, in the district tournament at Iron River. Previous high for Ironwood was 97 points, coming in a game against Lakeland of Minocqua in the regular season finale. Seven Red Devils reached double figures in the game against the Mountaineers with Louie Vlasich topping the list with 17.

You'll watch a lot of high school basketball games before seeing a team hit better than the Menominee Maroons in the Class B championship game against Gladstone at Holy Name Saturday night. Coach Bob Krysiak's cagers shot 55 percent for the game with 41 field goals in 75 attempts. In their blazing second half they earned 22 of 35 shots for 66 percent.

Barry Pierson, starting guard in basketball and all-state quarterback in football, was sidelined as the St. Ignace Saints bowed to Gaylord, 97-84, in the Class C district tournament finals at Onaway. Pierson sustained an eye injury and was held out of action by Coach Gene Shank whose cagers closed their season with a 13-5 record.

Two Rated Teams Suffer Setbacks In State Action

By The Associated Press
Play in the Michigan high school basketball tourney continued to run according to form—with two exceptions—as the surviving teams started their first full night of regional play Tuesday.

Ferndale ended fifth-rated Birmingham Groves' 18-game winning streak with a 61-57 victory in Class A, and Holt surprised eighth-ranked Portland, 59-57 in overtime, in Class C for the night's major upsets.

East Detroit, top-ranked in Class A, breezed to its 20th straight victory, a 73-54 conquest of St. Clair Shores South Lake, while sixth-rated Detroit Northwestern bounced Denby, 72-50 and 10th ranked Jackson Parkside ousted Monroe, 75-46, in other A games.

The top two teams in Class B in the final regular season poll won, Grand Rapids South Christian edging Fremont, 63-61, and South Haven disposing of Edwardsburg, 84-51. Second-ranked Detroit St. Hedwig's 98-72 triumph over Royal Oak St. Mary's fourth-rated Mount Pleasant Sacred

Heart's 104-48 bombing of Hesperia, sixth-ranked Middleville's 99-71 drubbing of Quincy, and Detroit Visitation's 67-52 decision over Wyandotte St. Patrick featured the Class C games.

Seventh-ranked DeTour was the only rated Class D team in action and the Upper Peninsula school kept its hopes alive with a 79-59 triumph over Trenary.

Dwight Dunlap's 26 points featured Ferndale's victory over Birmingham Groves. The Eagles dominated the boards and held a 31-19 halftime lead but had to hold off a last-minute Groves rally.

Holt built up a 59-51 edge in the overtime session with Portland and held out to win, Lynne Reid's field goal provided the winning margin for Holt, now 16-4. Portland finished with an 18-1 mark.

Scottville continued its march through the Class C ranks with a 66-52 victory over Fulton-Middleton. The triumph was easier than the score indicates, however, since Scottville contented itself with five free throws in the final quarter after building a 61-29 lead.

"Keep Your Bags Packed"

Eskymos Make Fourth Trip Downstate In Six Seasons

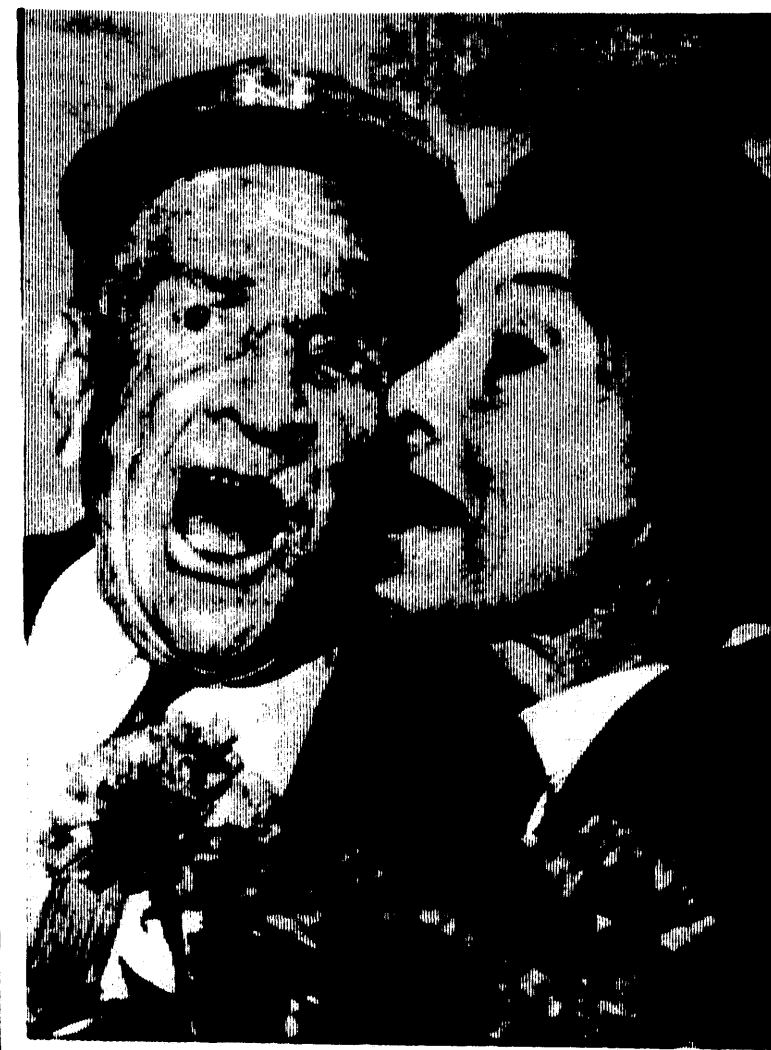

Since Escanaba High School climbed into Class A basketball competition in the 1960-61 season, the best advice for a member of Coach Harold Johnson's squad has been: "Keep your bags packed."

It has been one steady trip to downstate regional tournament action, interrupted only twice in the six year span, for the Esky basketballers.

This year is no exception as Escanaba prepares for its Grand

Rapids regional tournament invasion Friday night.

Escanaba earned the right to make the trip by wading through Sault Ste. Marie and Marquette in the Upper Peninsula district tourney at Northern Michigan University last week. The successful return to the U. P. Class A throne came

Casey And Wife

Stengel Named To Fame Hall

ST. PETERSBURG, Fla. (AP) — You could look it up. From now on it will be right there in the book, like Ned in the first reader. Ol' Casey is in the Baseball Hall of Fame.

It really is treeee-mendous. They told Stengel he was gonna give some kind of an award to George Weiss out at the ballpark Tuesday. He showed up a little before noon with his wife Edna and Harold Weissman, the press agent for the New York Mets.

Casey and Weiss had attended some civic breakfast for visiting baseball people and he was all dressed up for the occasion with a neat brown suit, white shirt, tan tie and a blue Mets cap. Edna looked as pretty as the day they were married and she was carrying some fresh red roses.

All Hush-Hush
It was all hush-hush. Nobody was supposed to know but everybody, except Casey, did know. Ford Frick, the fellow that used to be the commissioner before they put that general in there, sneaked down from the golf course to break the news.

The place was jumpin' with newspaper fellas. The Mets reg-

ulars, St. Pete writers, wire service men, radio and television guys with their cameras and tape recorders. And the news photographers too. It was just like it used to be before the World Series.

But Ol' Casey is used to crowds. The writers eat up that mumbo-jumbo talk they call Stengelese. This was a little more than usual but not too much to be suspicious. Weiss lined up beside Casey and Edna and Frick began his spiel:

"I want to announce that by unanimous vote of the Veterans Committee, Charles Dillon Stengel is now in the Hall of Fame," said Frick.

"Alive At Present"
Charles Dillon swallowed once, grabbed his crooked black walking stick and started talking.

When you're 75 and you've been in baseball since 1910 and would be yet if you hadn't broke your hip and had to retire last August, you really aren't surprised at anything.

For years Casey has been saying, "You gotta remember that a lot of people my age are dead." That includes a lotta people who might have been in the Hall of Fame but never made it.

"When you're alive at the present time," Stengel said, "it's a nice thing to know that you done something in your life that people thought was worth while."

"So many men done amazing things it makes you feel regrets that four or five others are not in it. I feel sorry for the others that didn't get in."

Edna Beaming
Now, wasn't that just like Stengel. He'll be worrying about the others on one of the big days of his life.

Edna was beaming. "This is greater than winning the World Series in 1949," she said. "It couldn't be greater than this at Cooperstown."

Edna remembered all about the 1949 World Series because that was Casey's first with the New York Yankees. They said they brought him in for laughs while they rebuilt the ball club but he won the pennant in 1949 and every year for the next five — and took the World Series each time, too.

His record of 10 pennants in 12 years with the Yanks until they fired him because he was "too old" in 1960 was one of the big things in getting him elected.

But you can't overlook the part the Mets played in this. He didn't win with the Mets. In fact, he couldn't get them out of last place in his four years as manager. But they became the Amazon Mets and people broke down the door to pay to see them in Shea Stadium.

"I am positive the club is on its way to getting out of last place and we'll go very far upward," Stengel told the nice old ladies and gentlemen from Iowa and Michigan and Massachusetts who cheered the announcement of his election.

Trenary Comets Bow To DeTour

DeTour 20 17 13 29-79

ST. IGNACE—The Trenary Comets reached the end of the high school basketball tournament trail here Tuesday night when they bowed to DeTour, 79-59, in the opening game of the Class D regional.

DeTour, champion of the Eastern Conference in the regular season, ran its record to 19-3 in convincing fashion. Coach Dick Roan's Red Raiders flattened the Comets with a 20-11 haymaker in the first period and were never challenged.

Trenary was unable to get untracked in the game as the Comets suffered a bad case of tournament jitters. They were extremely cold in the first half as their top three scorers managed only six field goals among them. Trenary trailed, 37-23, at the intermission.

Kim Peterson, 6 foot 3 inch junior, found the range in the second half and took individual scoring honors for Trenary with 21 points. Dennis Ylloen was the only other Comet to reach double figures with 16.

Thirteen DeTour players saw action and 11 of them contributed to the scoring total, led by Tom Tellefsen with 19 points.

The Red Raiders will meet Coach Tom St. Germain's Pelston Hornets (18-2) in a semi-final clash Thursday night.

Tickets Here For Esky Game

Adult tickets for the Grand Rapids Class regional basketball tournament games Friday night are available at the Escanaba High School activities office.

Harold Johnson, EHS athletic director, stated that fans who plan to attend the tournament should purchase their tickets in advance as officials have stated that there will be no tickets available at the gym by tournament time.

Baylor Makes Comeback

NEW YORK (AP) — They had cheered the man with No. 22 on his blue uniform many times in the years past because he played great basketball — and there he was on the Madison Square Garden court doing it again, and again they were cheering.

After the game Tuesday night the man stood in an almost deserted dressing room and said: "I'm in real good shape. Everything is going fine."

The man was Elgin Baylor of the Los Angeles Lakers, and he was talking about his gimpy knees which in many games this season made him just a shadow of what he was in seasons past — a National Basketball Association super star.

But not too many minutes earlier he had been a super star again, though the Lakers lost to the New York Knicks 133-132 in overtime and he had made a bad pass which cost his team a final shot at victory.

Nicklaus Loses Challenge Match

JOHANNESBURG, South Africa (AP) — Gaffer Jack Nicklaus, of Columbus, Ohio, left South Africa Tuesday night for the United States. He lost his challenge series with South African Gary Player, the U.S. Open champion, by 14 strokes.

Toronto Gets OK For Bout

TORONTO (AP) — Cassius Clay and Ernie Terrell finally have found a home-away-from-home for their heavyweight title showdown but the mental roadwork involved in the search appears to have backed both fighters into a dark corner.

Toronto received sanction as the site of the March 29 bout Tuesday, ending a road-show that began in New York and touched bases throughout the United States and Canada. Contracts were signed Tuesday night on behalf of the fighters following approval of the match by Leslie Rowntree, Ontario's labor minister.

Clay, generally recognized as the world champion, and Terrell, the World Boxing Association titleholder, received the good news with mixed emotions. Both are happy the hunt is over but both admitted to being on the ropes when word of the approval reached them.

"They got a fight for us and, in a way I'm relieved," Terrell said at his training camp in Pleasantville, N.J. "But they gave me a joke out of it that it disgusts you."

"It's been all mixed up and the way it's been handled, it's like mental cruelty," the 6-foot-6 Chicagoan complained.

Clay was in no better frame of mind at his Miami, Fla., training headquarters. "If fans want to see me beat," said the champion, "they ought to start mak-

ing reservations for Toronto."

"Terrell has a better chance of beating me than either Sonny Liston or Floyd Patterson had," Cassius, who prefers his Islamic name Muhammad Ali, continued. "I'm out of shape. I'm not mentally as good as I should be. I am weighted down with pressures — more pressures than I had before my two fights with Sonny and the Las Vegas fight with Floyd."

Rowntree's announcement before the Ontario Legislature that he had approved the bout for Maple Leaf Gardens lifted some of the pressure off Main-Bout, Inc., the group holding closed-circuit television rights to the match. Frank Tunney of Toronto will promote the fight in conjunction with Maple Leaf Gardens.

"We are pleased someone has finally looked at this as a sports event — which it is — instead of something else," Mike Malitz of Main-Bout said in New York.

Main-Bout still has misgivings, however. Theaters have been dropping off the television hook-up in droves. "We had about 280 exhibitors ready to show the fight in their theaters," said Robert Arum, another Main-Bout executive. "But since all the political troubles began, we've lost 100 of them."

Clay and Terrell both said they planned to leave for Toronto today or Thursday and set up training camps.

Kentucky Leads Final Cage List

By The Associated Press

Kentucky's Wildcats, who narrowly missed a perfect regular season, scored in a runaway in the final Associated Press major-college basketball poll for 1965-66.

The Wildcats were voted No. 1 by 39 of the 48 sports writers and broadcasters on AP's nationwide panel. Duke climbed back into the second spot ahead of Texas Western, which, like Kentucky, suffered its only loss of the season last Saturday night.

Kansas's Big Eight champions jumped from sixth to fourth. St. Joseph's of Pennsylvania also advanced two places to fifth, and Cincinnati climbed from 10th to seventh.

Others in the final rankings are Loyola of Chicago, which slipped from fourth to sixth; Vanderbilt, which dropped three spots to eighth; Michigan in ninth and Western Kentucky in 10th.

Michigan, winner of the Big Ten title, regained a place in the ratings and Western Kentucky made the Top Ten for the first time.

Voting was based on games through Monday night.

Kentucky was topped by Tennessee 69-62 Saturday night and Texas Western lost to Seattle 74-72. Both rebounded Monday night — Kentucky whipping Tulsa 103-74 in its season finale, and Texas Western downing Oklahoma City 89-74 in the first round of the NCAA tournament.

The final Top Ten, with records through Monday and points on a 10-9-8 etc. basis:

1. Kentucky 24-1 468
2. Duke 23-3 387
3. Texas Western 24-1 313
4. Kansas 22-3 305
5. St. Joseph's, Pa. 23-3 237
6. Loyola, Chicago 22-3 226
7. Cincinnati 21-5 134
8. Vanderbilt 22-3 126
9. Michigan 17-7 93
10. Western Ky. 24-2 63

Braves Brass Deny Earlier Commitment

MILWAUKEE (AP) — The State of Wisconsin continued its frontal assault today on the claim of baseball attorneys that the Braves' decision to move to Atlanta was influenced by dissatisfaction with local candidates.

Two top Milwaukee County officials, testifying Tuesday in the state's antitrust suit against the Braves and the National League, said that repeated offers were made to the Braves in 1964 to rewrite the stadium rental contract to delete any unsatisfactory provisions.

And, they said, offers were made to impose curbs on ticket selling by private individuals around the stadium concourse and the carrying in of beer by fans for consumption on the premises.

But Braves' officials dismissed the offers as unnecessary and denied any commitment to move the franchise.

Three months later, it was testified, Braves' directors sought and obtained league approval to switch the club to Atlanta, triggering the antitrust suit now being tried before Circuit Judge Elmer W. Rorer.

County Executive John Doyle, Milwaukee County's top elected official, quoted William Bartholomay, the Braves' board chairman, and President John McHale as saying in midsummer of 1964 that the club's contract for County Stadium was satisfactory.

"They assured me they had not made up their minds about moving," Doyle said. "They said they planned to re-evaluate their position at the end of the season, and I would be first to know."

But he was not the first to know, Doyle said. Braves' directors had already voted to move the franchise when McHale called him to tell of the decision.

Doyle's account of the offers to change the Braves' stadium contract was corroborated by William Anderson, the County Stadium manager and recreation director. That official recounted similar offers by County Park Commission members and the Sports Committee of the County Board as well as by himself.
